## REFUSED THEM AUDIENCE

King Oscar Will Not Receive the  
Deputation From the Nor-  
wegian Storthing.

### PROCEEDING WITH REORGANIZATION.

Council of State of Norway Carrying Out  
the Programme Prepared Previously to  
the Act Dethroning the King of Sweden  
—Army Notified That it Must Render  
Allegiance to New Government.

Stockholm, Sweden, June 9.—King  
Oscar has refused to receive the de-  
putation appointed to present to him the  
Norwegian storthing's address.

The request that the king receive  
the deputation was sent by the presi-  
dent of the storthing, M. Berner, who  
received a telegram from him reading  
as follows: "As I do not recognize the  
revolutionary steps which the storthing  
in violation of the constitution and  
act of union and in revolt against  
the king has unfortunately taken I de-  
cline to receive the deputation." The  
king is receiving many letters express-  
ing sympathy and devotion from all  
parts of the country.

Council of State in Charge.

Christiania, Norway, June 9.—The  
council of state following the action  
of the storthing in dissolving the union  
of Norway and Sweden proclaiming  
that King Oscar is no longer king of  
Norway and placing the reins of gov-  
ernment in the hands of the council  
of state, is proceeding with the re-  
organization of the government in the  
manner indicated in the programme  
which had been more or less prepared  
before the final step was taken by  
which Wednesday's peaceful revolution  
was accomplished.

The department of national defense  
has issued a decree to the army ac-  
quainting it with the resolution of the  
storthing and the assumption of the  
government by the council of state and  
intimating that the army must comply  
with the new conditions, rendering  
allegiance to those now conducting the  
government.

Minister of State Lovstrand has been  
appointed foreign minister and the  
council of state has decided to divorce  
the foreign office from the departments  
of commerce, navigation, etc., with  
which heretofore it has been amal-  
gamated. The council has also resolved  
to eliminate the emblems of the union  
from the war flag of Norway.

The new Norwegian flag will be  
hoisted throughout the country at 10 a.  
m. Friday. The council of defense has  
ordered the flags on all the fortresses  
and warships of Norway to be saluted  
with 21 guns.

The substitution of the new for the  
old flag of Christiania will take place  
Akershus fort in the presence of the  
garrison of the capital.

Base Ball Manager in Police Court.  
Louisville, June 9.—W. J. Clymer,  
manager of the Columbus team of the  
American association, was Thursday  
fined \$15 and put under a \$300 peace  
bond for 90 days by Judge McCann in  
the police court. Clymer was arrested  
during Wednesday's game for repeat-  
edly disputing the decisions of Umpire  
King, and was finally taken off the  
grounds by the police. Umpire King  
has sent in his report of the affair at  
Milwaukee.

## THE MOVEMENT FOR PEACE

Russians Ready to Listen to Peace  
Talk if Japan's Conditions are  
Not too Onerous.

### THE PRESIDENT'S ACTIVITY CONTINUES

Cable Dispatches From Ambassador at St.  
Petersburg and London Submitted to  
Mr. Roosevelt Without Loss of Time—  
French Ambassador a Caller—Emperor  
William Coincides With President's View

St. Petersburg, June 9.—President  
Roosevelt, striving with excellent  
prospects of success to end the bloody  
war is now the central figure of the  
world's stage. One of the main obsta-  
cles, it seems, will be overcome once  
both Russia and Japan have agreed  
to accept his good offices for the ar-  
rangement of the preliminaries. The  
belligerents are expected to be able  
to arrange the peace terms direct. The  
president is believed to share with  
Emperor William the view that the  
belligerents should be allowed to set-  
tle the actual terms without outside in-  
terference. Evidence also exists that  
President Roosevelt has secured the  
support of several continental powers  
and at the proper time they will ap-  
pear at his back. Exactly what is  
transpiring at Washington is being  
carefully guarded. The diplomats here  
are still greatly at sea, not being able  
to do more than venture a shrewd  
guess and indulge in speculation. The  
interest with which the moves at  
Washington are being followed is  
evidenced by the manner in which  
the ambassadors and ministers who  
banned of Ambassador Meyer's audi-  
ence with Emperor Nicholas Wednes-  
day flocked to the American embassy  
Thursday in search of information.  
But the situation seems to be so deli-  
cate that the ambassador is compelled  
to display the most complete reserve.  
If Japan proves moderate in her de-  
mands peace seems at last to be close  
ahead. An armistice probably will be  
the first evidence the world will have  
that the two powers have agreed to  
shake hands.

St. Petersburg, June 9.—It now  
transpires that Ambassador Meyer's  
audience with Emperor Nicholas had  
been preceded by a family council at  
Tsarskoe-Selo at which it is under-  
stood the decision was reached that  
peace was preferable to Japan's con-  
ditions were not too onerous.

### Their Views Identical.

Berlin, June 9.—The interview Baron  
Speck von Sternburg, the German am-  
bassador at Washington, has had with  
President Roosevelt and the cable cor-  
respondence between the ambassador  
and the foreign office here resulted in  
the president and the emperor find-  
ing that they had identical views of  
the subject of peace and were nearly  
of the same opinion as to the method  
of drawing Russia and Japan into ne-  
gotiations. The joint view appeared to  
be that others, including France and  
Great Britain, ought to be left out be-  
cause to be sure of a community of  
views among all would be a slow and  
cumbersome business and would im-  
press Russia as taking on the charac-  
ter of outside pressure. This is pre-  
cisely what the Associated press is  
informed, President Roosevelt and  
Emperor William wish to avoid. They  
wanted the emperor of Russia to  
take the initiative and sought only  
that he should avail himself of the  
German and American governments  
as instruments for making the  
first steps toward peace easier. The  
understanding here is that Emperor  
Nicholas went so far as to say to Mr.  
Meyer that he would like to know  
what Japan's terms would be. This  
inquiry was not to be construed as  
asking for peace but only as telling  
friends that before so grave a step on  
their advice could be taken, the Rus-

sian government might properly and  
naturally desire to know through those  
friends how Japan regarded peace.  
Japan, it is believed in government  
quarters here, will be reluctant to lay  
down specific conditions—far more  
reluctant than at any stage of the war,  
because preparation has been made to  
carry the campaign to Russian ter-  
ritory, take Vladivostok and Harbin  
and then exclude Russia from the Pa-  
cific. Unless her high conditions are  
complied with this is a crude expres-  
sion of what is thought to be Japan's  
immediate policy.

### Loomis Brought Dispatches.

Washington, June 9.—Acting Sec-  
retary of State Loomis called on the pre-  
sident Thursday immediately after the  
visit of Ambassador Jusserand. While  
he would admit nothing as to the na-  
ture of his visit, there is excellent  
reason for the statement that he pre-  
sented to the president the de-ciphered  
cable dispatches from Ambassador  
Meyer at St. Petersburg and Ambassa-  
dor Reid at London. The dispatch from  
Ambassador Meyer was received over  
night but was not translated until  
Thursday. The nature of its contents  
at this time is not known. Mr. Loomis,  
as he left the White house, said that  
he was not in a position to discuss the  
peace situation at all. He expressed the  
belief that nothing would be made  
public here in an official way regard-  
ing the negotiations. He admitted that  
the situation was delicate and indicated  
that as a reason for not making pub-  
lic any details concerning the negotia-  
tions in progress.

### French Ambassador Calls.

Washington, June 9.—M. Jusserand,  
the French ambassador, had a confer-  
ence with the president soon after  
the latter's arrival at the executive  
offices Thursday. The ambassador was  
with the president for about half an  
hour. At the close of the interview  
Ambassador Jusserand said that he  
could not discuss the subject of his  
call.

### Would Learn Japan's Terms.

Paris, June 9.—It is definitely known  
that the Russian minister, Count  
Lamsdorff, seconded by M. Witte, presi-  
dent of the committee of ministers,  
has initiated overtures through the  
Russian representatives abroad to learn  
Japan's disposition and terms of peace.  
These overtures, it is said here, began  
three days ago and were the basis of  
a decidedly more hopeful view which  
the officials began to have. At the same  
time it was then and still is recognized  
that Count Lamsdorff and M. Witte  
represent the peace element and it is  
not yet clear how far the movement is  
shared by the emperor. However,  
Count Lamsdorff's position gives the  
overtures the force of coming from  
responsible quarters whereas the pre-  
vious movements lacked official origin.  
This clears the way for conversations  
between officials and diplomats here  
and at other capitals which are now  
actively going on. These necessarily  
are circuitous owing to Russia's in-  
ability to approach Japan directly.

### Hopes for Success.

Washington, June 9.—Pending nego-  
tiations for the promotion of peace in  
the far east have assumed within a few  
hours an unexpectedly favorable phase.  
While it might be too much to say at  
this time that peace is in sight, in  
view of the delicacy of the exchanges  
now in progress, it is certain that  
there is greater hope now for a suc-  
cessful termination of the present ne-  
gotiations than there has been at any  
time.

It can be said that the result of Am-  
bassador Meyer's audience with the  
czar Wednesday was distinctly favor-  
able. It has been the effort of Presi-  
dent Roosevelt throughout the ex-  
changes which have taken place be-  
tween the United States and Euro-  
pean powers since the battle of the  
Korean straits to bring Russia and  
Japan into such touch as would enable  
the two belligerent nations to reach a  
basis of common understanding. In  
this effort he has had the support  
of several of the important powers whose  
influence carries weight with both the  
warring governments.

### They Waited for a Long Time.

London, June 9.—James William  
Lowther (conservative) deputy speak-  
er and chairman of the committee on  
ways and means, was unanimously  
elected speaker of the house of com-  
mons Thursday in succession to Wil-  
liam Court Gully who recently resigned.  
This is the first time since 1833 that  
the conservatives have been able to  
put one of their party in the chair.  
After the election the house adjourned  
until June 20.

### British Submarine Boat Founders.

Plymouth, England, June 9.—Sub-  
marine boat "A-8" was lost off the  
breakwater here Thursday morning.  
Three explosions are said to have oc-  
curred on board before she foundered.  
She had on board 18 officers and men,  
including her regular crew and men  
who were in training. Fourteen of the  
number were drowned. The others  
were picked up.

### Home Rich Married.

Pratt, Kan., June 9.—Homer Hoch,  
of Washington, and Miss Edna M.  
Wharton, of Pratt, were married here  
Wednesday night. The bride is the  
daughter of the Rev. S. C. Wharton,  
and the groom is the eldest son of Dr.  
E. W. Hoch, of Kansas.

ALL WORK GUARANTEED  
Reasonable Prices.  
H. M. Lisle, L. M. Doss.

THERE was a good attendance at the railroad meeting last night, which showed that the citizens of Ada are looking squarely after the business interests of their town.

MAYOR DUNCAN, who presided at the railroad mass meeting last evening could not have shown better judgment than in the appointment of Messrs. Hope, Hays, Reed, Harrison, Thornton and Rinard as a committee to solicit subscriptions toward the raising the railroad bonus. Most of the committee have been there with the long talks before, and we are sure they will prove equal to the occasion.

PRESBYTERIAN & SOUTHERN  
Railway Co's., Personally Conducted  
Tour of the World.

On Thursday evening, June 15, the ladies of the Presbyterian church will give a personally conducted Tour of the World in true railway and steamboat fashion.

The union depot will be located on Main street in front of the Bough & Prewett store, and from which four gaily decked wagons will leave for Germany, Scotland, Japan and Bohemia, every thirty minutes.

The first stop will be made at Germany, (residence of W. G. Broadfoot). The scenery over this route cannot be surpassed anywhere. Pretzel, Hops & Co., have spared no pains to make this excursion a pleasant one, and the patrons will be served refreshments before proceeding on their journey.

From Germany the tourist will be taken in charge by the Doone & Dundee express and transported to the blue Isles of Scotland, (residence of C. O. Barton) where the guests will be entertained in true Scotch fashion.

Leaving Scotland you will board the Pagoda Transport, a protected cruiser (not Russian) and will be landed in the heart of Flowery Kingdom, Japan, (residence of I. M. King), where every American will be treated with the utmost hospitality. Just now the Mikado is busy counting the holes the Russian battleships, but Mrs. Mikado will be at home to all visitors.

Here you will be picked up by the Gipsy Fortune Teller Co., and whisked away to Bohemia, the land of gipsies, fortune tellers and fortune tellers.

(.) where refreshments will be served the thirsty ones.

From Bohemia the tourist will be taken in charge by the Presbyterian & Southern railroad (broad gauge) which will make its first and final stop at America, (residence of W. G. Currie) where

RAILROAD NOTES.  
The Rock Island steam wreck from Shawnee is at work picking up the wreck of No. 10 about a mile south of Sasakwa.

The theory is that the wreck was caused by some obstruction having been placed on the rails.

The R. F. of E. under J. R. Scott from Sapulpa is on the grounds supervising the clearing of the wreck, also a crew from Sapulpa with Mr. Hanna in charge.

A shanty has been built around the wreck to enable trains to pass.

The damages reported by wreck of No. 10 are very light in proportion to the amount of derailment, the greatest damage being to the trucks of the engine.

The Whitnack bridge gang are at present making their headquarters at Francis.

RAILROAD MEETING.

Largely Attended By Representative Citizens of Ada.

The railroad meeting advertised through these columns for Thursday evening was attended by a large crowd of Ada citizens, who were eager to learn by what terms Ada could secure the Canadian Valley and Western railroad.

President Dorsett Carter, was called upon and in a clear and concise manner spoke to the subject. He stated that the road would positively be built within the next eighteen months and that they wished to come to Ada, and to do so would have to come in on a second or double track, as the grade into the city was too stiff to be practical, and that the main line would pass to the south of the city a mile and a half, crossing the Frisco some twenty-four feet below that roadbed. He further stated that the company would ask a bonus, not from the fact that it was simply given because they asked it, but that it would show that the citizens of Ada wanted the road and was willing to contribute to its construction. Mr. Carter concluded his talk by saying that if a donation of \$25,000 and the right of way through the city be given them they would run the line to Ada and would erect a depot.

At this point Mayor Duncan, who presided, appointed the following two committees of three each, to solicit subscriptions: Tom Hope, J. W. Hays, George Harrison, W. L. Reed, John Rinard and A. K. Thornton.

The meeting then adjourned.

ENFORCE COLLECTION TODAY.

Orders Received from Washington to This Effect.

Muskogee, I. T., June 9.—After a delay of a week the Indian Inspector will again enforce payment of the tribal tax tomorrow. This announcement was made this afternoon following the decision of the mayor in the case of John C. West, captain of Indian police, in which he found the defendant not guilty of assault upon the person of C. C. Ayers.

Immediately upon learning of the decision Mr. Wright communicated with Secretary Hitchcock, while District Attorney Melette notified the Department of Justice. This afternoon instructions were received from Washington directing the Inspector to proceed with the collection of the tribal tax, and a notice to that effect was immediately posted stating that the orders would become effective tomorrow afternoon.

Railroad surveyors recently discovered a wildcat distillery in the hills northwest of Antlers, and the federal authorities soon put it out of business.

In the United States Court

In the Indian Territory, Southern Judicial District at Ada.

The application of the incorporated town of Ada for the annexation of contiguous territory.

Now comes the incorporated town of Ada, a municipal corporation duly incorporated under the laws of the state of Arkansas, put in force in the Indian Territory, and would respectfully show to the Court that the corporate limits of said town include an area of five hundred and fifty-nine and ninety one hundredths acres of land, a plat of which is filed herewith and marked exhibit "A" and made a part of this petition. The said map filed showing the original corporate limits is indicated thus— and the lines indicating the territory proposed to be annexed are marked making a total number of acres proposed to be annexed six hundred and thirty. That all that portion of said map which is proposed to be annexed to the said town of Ada is settled and occupied by citizens of said town as residences and that a number of said parties are business men of said town.

That it would be for the best interests of the people who reside in said town and also for the best interest of the people who live in the part proposed to be annexed that said territory be annexed to said town and the incorporate limits be extended around the said territory and inclose the same in the incorporate limits.

That the territory proposed to be annexed is known and described as follows, to-wit:

The west one-half of the southwest one-fourth of section thirty-three township four north, range six east, twenty acres; and the west half of the northwest one-fourth of the southwest one-fourth of section thirty-three, twenty acres; and the west one-half of the south west one-fourth section thirty-three, twenty acres; the east one-half of the east one-half of section thirty-three, one hundred and sixty acres; the southeast one-fourth of the northeast one-fourth of section thirty-two, forty acres; the east half of the southeast one-fourth of the southeast one-fourth of section thirty-two, twenty acres; the northeast one-fourth of the southeast one-fourth of section thirty-two, forty acres; all in township four, north, range six east of the Indian base and meridian. The northeast one-fourth of the northeast one-fourth of the northeast one-fourth of section five, ten acres; the west one-half of the northwest one-fourth of section four, eighty acres; the southeast one-fourth of the northwest one-fourth of section four, forty acres; the south one-half of the northeast one-fourth of the northeast one-fourth of section four, twenty acres; the northeast one-fourth of section four, one hundred and sixty acres; all in township three north range six east of the Indian base and meridian, containing in all six hundred and thirty acres.

That said question of annexation was submitted to the qualified voters of the town of Ada on the 4th day of April, 1905, and that a large majority of said voters declared in favor of said annexation, which is evidenced by a certificate of said election filed herewith and marked exhibit "B" and made a part of this petition.

That said election was submitted to the qualified voters of the said town thirty days before said election by publication in the Ada News a newspaper published in said town.

Wherefore the premises considered your petitioner the incorporated town of Ada Indian Territory prays that said cause be set down for hearing at some date fixed by the Court, and that on a hearing thereof the said territory be annexed to the incorporated town of Ada as described herein, and that the Court make further orders in the premises as may seem proper.

B. C. King.

Attorney for petitioner, B. C. King, on oath states that he is attorney for the petitioner in the above styled matter and that the allegations and statements contained herein are true as he verily believes.

B. C. King

I, C. M. Campbell, Clerk of the United States Court within and for the Southern District of the Indian Territory, do hereby certify that the above and foregoing is a true and correct copy of an order of court made on the 18th day of May, A.
